Anna

PORSE New Educator

Clevedon

Hi, my name is Anna.

Since the age of nine I have always felt a real connection and love for children. I have significant experience as an educator, having spent the last 18 years working as an early childhood teacher, and more recently as a Nanny. I have a Bachelor of Early Child Education, and had an amazing experience as a nanny in London.

My aim is to offer your little one a nurturing environment where there will be loads of cuddles, love, age-appropriate activities, and lots of laughs! I want to offer a 'home away from home' feeling, with a mini-centre vibe. I have prior knowledge in programme planning and the Early Childhood curriculum, and have an extensive array of new resources to support your child as they learn through play. While many of these are indoor activities, I have a wonderful enclosed, safe, back yard where we can explore and learn together. There is a sandpit, and loads of space to run around, kick a ball, dance, go on a bug hunt, make a tent, or sit on a mat with an activity. Our days are always busy!

I am extremely excited to meet both you and your child very soon!
